This information can only be provided to plan sponsors at the plan sponsor's request. It may not be used in participant education meetings. This data represents hypothetical returns. It does not represent the performance of any actual accounts. They are not forecasts or promises of future returns. Past returns are not indicative of future returns. These returns are provided to give a reasonable estimate of the risk involved in each portfolio. The returns presented assume a constant allocation to each fund, and do not take into account the fluctuations in value that can impact the overall allocation between rebalancing. As a result the returns on actual portfolios may be different. Returns presented assume dividends and capital gains are reinvested. The portfolio allocation does not change regardless of economic or market conditions. The mutual funds modeled may not have been available for use during the entire period portrayed. The model portfolios may not have been available for use during the entire period portrayed. A different combination of mutual funds would result in different returns.

Future performance is not guaranteed. Plan sponsors and participants should carefully consider the investment objectives, risks, charges and expenses of the investment options offered under the retirement plan before investing. The prospectus for each fund contains this and other important information. Prospectuses may be obtained by calling 877.805.1127. Please read the prospectus carefully before investing. Investments are subject to market risks and fluctuate in value.
